How to volunteer:

In the Center - The Community Cat Center houses a number of feral and abandoned cats in our pre and post-op center. Volunteering at the center is a time commitment and entails feeding, cleaning and socializing our furry guests.

TNR (Trap-Neuter-Return) - Volunteers assist in the humane trapping of feral and abandoned cats to provide spay/neuter, vaccinating and returning healthy cats back to their environment. Also, encouraging and teaching neighbors how to get involved in the TNR process.

Transport - An integral part of our operation as an animal rescue. Transport involves taking cats/kittens to the vet to ensure our animals are in peak health condition.

Foster - Sometimes a cat needs some special one-on-one care that can't be provided at a very busy animal shelter. A foster offers their home, time, and love to provide care for those special cats or kittens who have the greatest needs.
